

Brunel Pension Partnership

Annual Report 2016-17

Forging better futures by investing for a world worth living in

Chair's foreword

This annual report covers an exciting period for Brunel, from registration at Companies House in October 2016 to year end 30 September 2017. Brunel went from a project to a live company and is now looking forward to delivering investment management services in April 2018.

The investment made in Brunel by our shareholders has enabled the team to form with a strong cultural identity; we are laying the foundations to deliver an excellent service against clearly defined targets.

The principles for investment have been established and are included in this annual report. Operating processes are being defined and tools for delivery developed.

The financial statements show Brunel to be in good health and progressing well, with the requisite control expected of a company applying for FCA approval.

We are looking forward to **forging better futures by investing for a world worth living in.**

Our objectives

The ten funds of Avon, Buckinghamshire, Cornwall, Devon, Dorset, Gloucestershire, Oxfordshire, Somerset, Wiltshire and the Environment Agency came together as Brunel Pension Partnership following the directive from government for LGPS pension funds in England and Wales to create assets pools of £25 billion.

The work started on developing the pool in September 2015 and by February 2017 the business case was approved on the basis of the following four primary benefits and objectives:

- Establish an investment management company and gain FCA authorisation in order to be able to start servicing its clients by April 2018
- Develop investment portfolios that will meet the needs of all its clients' investment strategies
- Make fee savings, whilst maintaining investment performance, of £27.8 million (8.9 basis points) by 2025
- Manage transition and operational costs to achieve break even by 2023, and cumulative net savings of £550 million to 2036

- The Board of Brunel consists of four Independent Non-Executive Directors (NEDs), including the Chair and four Executive Directors
- Independent Non-Executive Directors chair all Board sub-committees and are the only permanent members
- Executive members of the Board are the CEO, CIO, COO and CCRO
- The Board of Brunel has gender equality (4 male / 4 female)
- Oversight Board is 10 Pension Committee Chairs (or elective representation) & 2 observers
- Client Group is 10 Client Fund Officers

What we do

Brunel was set up to represent ten local authority pension schemes with ~695,000 members with pension assets ~£27bn and ~1,800 local employers*.

- Brunel has ten shareholders, each with a ten percent share of the business
- Brunel's shareholders are Brunel's client funds

Brunel engagement

- Signed up to the LGPS Investor Code of Transparency
- Assumed founder responsibility with the National Frameworks procurement initiative
- Supporter of the Task Force on Climate-Related Financial Disclosures (TCFD), including membership of implementation group and commitment to reporting standards
- Representation and supporter of the Local Authority Pension Fund Forum (LAPFF)
- Representation on the Local Government Pension Scheme National Scheme Advisory Board
- Active member and supporter of the Cross-Pool groups to share experience and ensure delivery of the government's investment pooling agenda

Note: logos do not imply that any of the parties has approved, endorsed or authorised Brunel Annual Report

The primary objective of the Brunel Pension Partnership is to enable each fund to deliver its fiduciary duty to act in the best long-term interests of their members.

Brunel's Investment Principles provide the framework for all investment management and operations. The principles meet the Department of Communities and Local Government's Local Government Pensions Scheme Investment Reform Criteria and Guidance and expectations of Financial Conduct Authority. They can be applied to all asset classes, although the detail of operation will vary by asset class.

The principles do not impose any restrictions on type, nature of companies or assets held within the Portfolios. The principles do place an expectation that recognised best practice standards in governance, risk management, stewardship and value for money will be delivered.

The principles are designed to ensure the effective and efficient delivery of each fund's investment strategy and are commensurate with the size of the combined asset pool. It is anticipated that the principles will support each fund in the delivery of their investment strategy statements.

Principles in brief

- Long-term investors
- Responsible investors
- Best practice governance
- Decisions informed through experts and knowledgeable officers and committees
- Evidence and research at heart of investments
- Leadership and innovation
- Right risk for right return
- Full risk evaluation
- Responsible stewardship
- Cost-effective solutions
- Transparent and accountable
- Collaborate

Income Statement

Brunel’s full financial statements of financial disclosure are available at Companies House and on the Brunel website.

The period ended 30 September 2017 was the first period of business for Brunel. In this period the Company was set up. No services were provided to our clients, so no income was recognised. Instead, capital funding of £3m was provided by the ten shareholders. This was used to set up the office, hire the staff and submit the FCA application. These investments should enable service to begin in 2018.
